Secretary of War Baker Endorses Holding A. A. U. Championship Games This Season as Usual-Furloughs May be Granted to Athletes Now in the Service in Order That They Might Compete.

nounced here today by V. R. C. Lacey of St. Louis, chairman of the registration committee of the Western Association, A. A. U. Mr. Lacey, who has oeen touring the east in the interest of the Amateur Athletic Union track and field championships to be held at St. Louis at the end of the month, arrived here from Washington this afternoon.

He stated that in a conversation He stated that in a conversation with Secretary Baker the latter said that he was in favor of athletics and endorsed the holding of the A. A. U.

endorsed the holding of the A. A. U. championship games this season as usual. A request for furloughs for a number of athletes now serving with the army, in order that they might compete at St. Louis, was referred to Adjutant General McCain.

The A. A. U. official was informed by Adjutant General McCain that while it would be impossible to issue a general order granting fulcughs to athletes now in the service, leave of absence might be granted in special cases. He advised Chairman Lacey to inform athletes in the service to make individual application for furloughs and that he would consider the fact that they were to participate in the chamber of athletes.

# Arrived

There are nine standard designs, including Roadsters, Touring Cars, three distinct types of Closed Cars, and last but not least a light Delivery Car. The 1918 Buick Line embodies many refinements, such as, 60 H. P. VALVE-IN-THE-HEAD motor of exceptional power and flexibility.

With this power plant we have a new style of control, which brings the gear shifting lever within easy reach without the operator bending forward. The dry plate multiple-disc clutch acts so pleasantly that a child can operate it.

The radiator and hood have been raised giving a straighter line to the design. A sloping windshield and a new style top with detachable gypsy curtains and improved side curtains have been adopted.

Larger and more roomy bodies of very rigid construction have been provided for the lengthened wheel base. All models have full U doors which are equipped with leather hand pads. Plaited buttonless upholstery of genuine leather over curled hair is used throughout.

These and many other features make the 1918 BUICK VALVE-IN-THE-HEAD a car that is admired and desired by all who see and ride in them.

From the fact that there are many more Buicks registered in the state than the nearest competitor, the blindest citizen can readily see that the Buicks are appreciated. It is the leading high-grade, medium-priced car on the American market. The only way to secure a Buick is to place your order for future delivery. Do it now.

Caused Prices to Drop. New York, Aug. 16 .- For no apparnt reasons other than those involved the new peace negotiations and the many demestic problems arising from he war, today's stock market developd lower tendencies, depreciation of values being aided by pressure from professional trafers. Heaviness extended to rails, that division becoming unsettled on the weakness of New Haven, which fell over two points to the new low record of 32 1-8, with a two point decline in the convertible six percent notes. Other rails reacted sympathetically. New York Central falling 1 1-2 at its extreme and Delaware and Hudson 2 3-8. Pacifics and coalers were disposed to improve, but fe'll away later on the general decline. All the activity occurred during the backward movements of the first and last hours, dealings meanwhile dwindast hours, dealings meanwhile dwindling steadily. Moderate buying of representative shares was observed at the lower level, but otherwise the list
